Many families from all across the country will once be filling shoe boxes with gifts of love for millions of needy children around the world.

Last year, more than 738,000 shoe box gifts were sent from families in Canada to children living in developing countries. Once, again with your help at Kitchener process centre, thousands will have the same opportunity.

The Tamil Cultural Association of Waterloo Region members have been volunteering at the processing centre for the past 6 years. Please join us this year, too. Volunteers must be 14 years of age or in grade 9.
